Pool Safety

Always remember to follow The ZAC Foundation's **A, B, C, & Ds** of water safety — **ADULT** supervision, **BARRIERS** around water, water safety **CLASSES**, and avoiding **DRAIN** entrapment and using **DEVICES** like Coast Guard approved lifejackets.

Family Activity: Since Zeke follows the **A, B, C & Ds** of water safety, he knows to swim only in a **SAFE POOL**. Make this pool much safer by drawing in the missing parts. You may want to add: a barrier, an adult, a lifeliner or lifejacket, and you! What else could you add to make the pool a **SAFE POOL**?

Water Safety Maze

To ensure that children stay safe in and around water, The ZAC Foundation has created the **A, B, C & Ds** of Water Safety, which emphasizes **ADULT** supervision, placing **BARRIERS** around pools, taking swimming **CLASSES**, and avoiding **DRAIN** entrapment and using **DEVICES** like Coast Guard-approved lifejackets.

Directions: Since Zeke the Polar Bear knows **A** is for **ADULT** supervision, help him find his family **BEFORE** he goes into the water!
